

Woman 2 Woman

Breast Cancer is the most common cancer among women. It can be more easily treated if found early and increase the likelihood of survival.

You may be eligible for a FREE Mammogram through a grant from the Susan G. Komen Foundation.

Together as women we can fight and win!

Please call Hilary Norcia, MPH at the Central CT Health District for more information.

860-665-8571 or fax your eligibility form to 860-667-5835
