### **Health District Announces FINAL H1N1 Clinics**

The Central Connecticut Health District is still holding H1N1 vaccination clinics. Clinics are open to anyone who wishes to be vaccinated regardless of town of residence. Vaccination is FREE.

Clinics will be held at the Health District office on the ground floor of Wethersfield Town Hall, 505 Silas Deane Highway, Wethersfield. Please call (860) 721-2818 to schedule an appointment.

We are currently giving both nasal mist and injectable vaccine. Nasal mist is NOT available for pregnant women, people who are over 49 years old, or people who have chronic diseases such as diabetes or heart or lung conditions.

Please complete and print either a nasal spray consent form or injectable vaccine consent form (found on this web page) and bring the form to the clinic. Forms will also be available at the clinics if you cannot print one.

Children under the age of 10 require two doses of the vaccine. Parents should bring their child for their second dose to any clinic at least 21 days after the first dose was administered. Please remember to bring the small influenza vaccination record along with another completed consent form if possible.
