

Toilets aren't trash cans!

Your septic system is not a trash can. An easy rule of thumb: Do not flush anything besides pee, poo and paper.

Never flush:

- Cooking grease or oil
- Wipes, such as baby wipes or other wet wipes (even if they say “flushable”)
- Photographic solutions
- Feminine hygiene products
- Condoms
- Dental floss
- Diapers
- Cigarette butts
- Coffee grounds
- Cat litter
- Paper towels
- Pharmaceuticals
- Household chemicals like gasoline, oil, pesticides, antifreeze, and paint or paint thinners
